EDUCATION

Vellore Institute of Technology, Chennai, India

2021 - Present

B.Tech, Computer Science & Engineering with specialization in AI and ML

CGPA: 8.66/10

Crescent Castle Public School, Ooty, India

2019 - 2021

Senior School - ISC

Percentage - 96.5%

Crescent Castle Public School, Ooty, India

2018 - 2019

Secondary School - ICSE

Percentage - 94.4%

EXPERIENCE

Software Developer Intern, IBM CIO

Jan 2025 - Jul 2025

- Developed a monitoring status generator dashboard to automate realtime data fetching from the database and visualize key metrics using pie charts, bar charts, and structured tables.
 - Eliminated manual query execution and slack updates by implementing an automated alerting system, generating daily email reports and sending slack notifications via cron jobs.
 - Leveraged React+Vite, Node.js, IBM DB2 and Carbon UI to build a scalable and efficient frontend and backend solution for enhanced monitoring and reporting.
-

PROJECTS

Explainable AI in Dermatology: Deep Learning and Explainable AI

Jul 2024 - Sep 2024

- Developed a skin cancer classification model using Custom CNN, InceptionV3, Xception, and EfficientNet for accurate binary classification of skin lesions.
- Implemented Explainable AI (XAI) techniques including Grad-CAM and SmoothGrad, to improve model transparency and interpretability.
- Balanced high predictive accuracy with interpretability, making the system suitable for clinical applications by enhancing trust in AI-driven diagnostics.

Real-Time AI-Powered Stock Market Analysis Dashboard

Jan 2024 - Feb 2024

- Developed an AI-powered stock analysis dashboard using Streamlit, integrating real-time data from Yahoo Finance, Finnhub, and NewsAPI.
- Implemented NLP-driven sentiment analysis using NLTK's VADER to gauge market sentiment from financial news articles.
- Utilized Gemini AI to generate intelligent insights and predictions based on technical indicators like RSI, MACD, and ADX.

Cash-IQ: Finance Literacy Website

Jun 2023 - Jul 2023

- Developed a desktop website to enhance financial literacy among college students in India, addressing common financial challenges with practical budgeting and investing tools.
 - Created comprehensive modules covering personal finance topics, including budgeting, SIPs, taxes, and banking, alongside interactive calculators for EMI and SIPs.
 - Integrated a chatbot for FAQs and support, along with downloadable Excel sheets featuring pre-programmed formulas for easy financial planning.
-

SKILLS

Programming languages: Java, C/C++

Engineering: Python (Pandas, NumPy, Keras, TensorFlow, Scikit-Learn), Data Visualization(Matplotlib, seaborn), Machine Learning, Data Analytics, Deep Learning, Natural Language Processing

Web development: HTML, CSS, JavaScript, MongoDB, SQL, Git

Cloud Computing: AWS, S3, DynamoDB, ECS, VPC, EC2, ELB, EBS

Software Tools: Power BI Word, Excel, PowerPoint

Finance: Financial analysis, Financial modeling, Risk Management

Soft skills: Collaboration, Critical Thinking, Professional Communication, Attention to detail

CERTIFICATIONS

- AWS Solutions Architect - Associate (AWS SAA-C03)**
- AWS Cloud Practitioner (AWS CLF-C01)**
